CORIOdiscover v1.5.2.2

New

- Now supports the new CORIOview product.
- Display indicator for reachability of discovered devices.
- Added firmware version to discovered devices list, if available from the device (see below).

- Open button now only visible when a CORIOmatrix is selected.

Fixed

- CORIOdiscover was not settings the last 2 properties read from the device (CEAID and Origin).
- Improved stability and reliability.
- Improved error handling and reporting.

Notes

- None
