RoHS Certificate of Compliance

Restriction of the use of certain Hazardous Substances (RoHS)

tvONE declares that all current products comply with the EU RoHS Directive [RoHS 2 Directive 2011/65/EU as amended by 2015/863/EU] that restricts the use of the hazardous substances listed below in electrical and electronic equipment.

Compliance is either because the product does not contain any of the restricted substances referred to in Article 4(1) of the RoHS Directive at concentrations in excess of those permitted under the RoHS Directive or because removal of the restricted substances is not technically possible and their existence in the products at levels in excess of these concentrations is allowed as one of the particular applications listed in the Annex to the RoHS Directive.

For these purposes, the maximum concentration values of the restricted substances by weight in homogenous materials are:

Lead 0.1%

Mercury 0.1%

Hexavalent Chromium 0.1%

Polybrominated Biphenyls 0.1%

Polybrominated Diphenyl Ethers 0.1%

Cadmium 0.01%

Bis(2-Ethylhexyl) phthalate (DEHP): 0.1%

Benzyl butyl phthalate (BBP): 0.1%

Dibutyl phthalate (DBP): 0.1%

Diisobutyl phthalate (DIBP): 0.1%
